

Nissan Almera II Axial Joint separate available at Sidem

Nissan Almera II Axial Joint

Sidem Nr 41410
OE Number
 Part of:
 49001 BN010*
 49001 BN012*
 49001 BN013*

Problem:

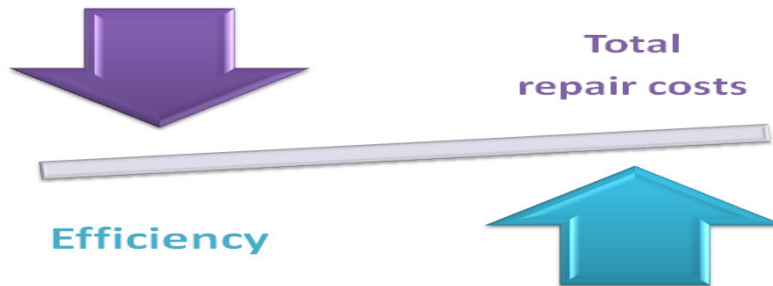

- Cannot be bought separately
- No key-faces on the housing and the pin

Design as OE

Effect:

- Expensive purchase of steering rack with Axial Joints
- Difficult fixation in steering rack and Tie Rod End with special tools

Sidem Axial Joint

Solution:

- Axial Joint separately available from Sidem
- Key faces on the housing as on the pin

Advantage:

- More economic purchase
- Easier fixation of the Axial Joint in the steering rack and Tie Rod End
