	Renault Megane II	
	Renault Modus / Grand Modus	
	Renault Scenic / Grand Scenic	

- As OE we deliver also with the ball joint which is sold separately a retaining ring. After installing the ball joint in the trackcontrol arm the retaining ring is installed in the groove of the ball joint. The fitted retaining ring serves as an extra security of the press fit of the ball joint.
- The dustcover is re-engineered to make the installation of the ball joint in the track control arm easier without damaging the dustcover.
